LISTENING TO CALIFORNIA'S 3RD DISTRICT

[Home](#)[Issues](#)[Contact Us](#)[News](#)[Services](#)[Biography](#)[3rd District](#)[Committees](#)

Dear Friend,

Most of us remember where we were on the day those planes struck the Twin Towers. It was the most horrific attack endured on U.S. soil since Pearl Harbor, and one of the most dramatic demonstrations of evil in our lifetimes.

Today, first and foremost, we remember the victims of the attacks, who innocently suffered at the hands of terrorists. We remember their families and friends, who bore the greatest burden of any of us—the loss of a loved one.

As we look at the six years that have passed since that day of infamy, it is obvious that danger remains near. Al Qaeda, whose 19 hijackers committed murder on our soil, have demonstrated that they still have every intention of killing us. Terrorist bombings in Bali, Madrid, Amman, London, and Iraq have amply illustrated this.

It is only because of the valiant efforts of intelligence agencies at home and abroad that several terrorist attacks have been thwarted. A plot to bring down ten transatlantic airlines with liquid explosives was uncovered. A long-planned terrorist attack against Fort Dix, New Jersey was averted. Most recently, a terrorist plot against American military personnel in Germany was thwarted. In short, as the RAND Corporation has indicated, good intelligence is essential if we are to prevent another cataclysmic event like September 11.

I will close with a quote from the *9/11 Commission Report*: “We call on the American people to remember how we all felt on 9/11, to remember not only the unspeakable horror but how we came together as a nation—one nation.”

As always, thank you for the opportunity to serve the 3rd District. May God bless America.

Sincerely,
